

ICDF Newsflash

June 2019

We are back!

A HUGE thank you for holding us in your hearts.

In our April Newsflash you saw pictures of where we were going. In this Newsflash, you will find some pictures of us there. From Indian feasts served on banana leaves, to squeezing into an auto to see the sunset; from buying saris in the bustling markets, to wearing them at the Opening Feast; this was truly a Cultural trip.

ICDF Dance & Culture Study Tour

We were delighted to see the dances of India not only in our gatherings but on pilgrimages walking in the footsteps of the early missionaries to India. Jasmine threading and palm leaf plaiting added to our cultural experiences, as did visiting many of the tourist sites. This was not just a Cultural Tour though, we were there to dance and to study. Dances came from around the world as did the dancers.

Why were we in India? To meet our dancing brothers and sisters there. This we did. We had much to learn from each other by being together. We have much for praise! This was an important and significant journey more so than we will ever know. One day we will tell you more but for now, please know, all of us played a part and for your part - thank you.

Save the date!

Our next ICDF Gathering will be in ... Sweden ... in 2022
