ICDF Networks Online Conference
16 October 2021

The conference will start with Meet and Greet followed by three workshop sessions. Each session will be 1.5 hours in length with a break of 15 minutes in between sessions. The times given below are in UTC (Coordinated Universal Time).

UTC is not a time zone in itself but, in case it helps, the time given in UTC is also the time in GMT. There are many ways to work out UTC in your own Time Zone but one way is to Google the time given below and your time zone and the time should show on your screen. Remember to adjust accordingly if your time zone changes between the date you google and the date of the conference.

> There is no charge and delegates can attend as many workshops as they choose
> Registrations ... noelfilemon@yahoo.com

Programme

Meet and Greet: 9.15 UTC

Session 1: **AWARe** (Network for Academics, Writers and Researchers)
