On-Line Dance Classes - Invitation for Funding

The ICDF Foundation supports On-Line Christian Dance classes in 2021 and application for funding is OPEN NOW.

Brief for On-Line Christian Dance Class

The International Christian Dance Fellowship Foundation (ICDFF) is sponsoring a group or individual to prepare a series of Christian Dance Classes that can be accessed on-line. The aim is to provide classes to people who are unable to access a dance class due to the Pandemic and/or are living in a remote location.

The project would involve:

- Preparing three classes of one-hour duration;
- The classes would include warm up, technical work and creative exploration on a Christian theme; and
- The classes would be filmed on a group of people who are doing the class.

Level of dance capacity and previous experience:

The Foundation is aware that dance classes can cover a wide range of ages and abilities. We suggest that this class is for adults who have minimal to some dance experience. Your proposal can choose to focus more specifically on an age group if you want.

Process:

1. You need to apply to the Foundation for the grant.
2. Outline your approach to the three classes.
3. Explain who is involved.
4. Explain how you would film the classes.

Grant availability:

The Foundation is offering financial assistance to successful applicants for this Project.

Applications are open NOW. Please contact Jenny Dennis, Chair of the Foundation for further information at icdffoundation@outlook.com
