

ICDF Newsflash

October 2021

ICDF Online Shop

We are excited to announce that ICDF is stepping out into the world of online shopping by launching its first line of branded items of T-shirts, Hoodies and more. This is the first phase and we are planning to eventually add to the collection of bespoke items and other resources available online.

We are using Spreadshirt as our supplier and we found that they are efficient in processing the orders. The T-shirts are of a good quality and there are a variety of styles and colours available to choose from. As a treat to our ICDF supporters there will be the following amazing deals in November ...

- **Free Delivery from 17th – 19th November**
- **25% off on 25th November**

Note -

Free delivery does not include all countries. To check if a country is on the delivery list go to the ICDF shop, put something into the basket and see the available countries where the delivery address is filled in.

The time for the promotions on specific dates must be calculated from 00:00 - 24:00 hours in Germany.

The shop can be reached through our website - www.icdf.com - by clicking on the ICDF Shop link in the footer under **Featured**. This link will take you to the Spreadshirt external website.

When you receive your order send us a fun photo showing your ICDF garment or post to the ICDF Facebook group/ Instagram!!
